Item Me	eting Item Description	Resp	Status	Due Date	Compl'd	Cls'd
New Bus	siness					
Schedule	9					
001-001	6/7/2023: Schedule passed out. Frank will email a copy.		In Progress			No
Side Ent	rance					
001-002	6/7/2023: Milestone is shutting down and relocating the sidewalk at the side entrance in order to cut the retaining wall down. The walkway will be temporarily relocated over the landscape area for emergency egress only. The trash barrels put out every Friday will be relocated as necessary.		In Progress			No
Heat Pur	nps					
001-003	6/7/2023: The heat pumps are being discussed as to the 13-degree low threshold and how to deal with a cold snap that goes lower than 13 degrees. The library board has voted to support the engineer's position. The group discussed options for this. Electric resistance heat coils in each unit may be possible. It would also be a simple as a few gas fired Rinnai type heaters, or portable temporary heaters. Patricia will ask Rob Robicsek to get a price to add supplemental heat.		In Progress			No
Solar Arı	ray					
001-004	6/7/2023: There is no money appropriated for a solar		In Progress			No

Meeting MinutesDetailed, Grouped by Each Meeting and by 'Old Business' and 'New Business'

New Business 001-005 6/7/2023: Door #19 will stay as is and receive a new lockset. Door 19A will stay as is with the existing sidelight next to it. Drawings Changes 001-006 6/7/2023: Patricia described the changes made in the 5-15-2023 drawings to Jessica. Room #26 001-007 6/7/2023: In Room #26 the new base cabinets and counter should have wall abuts above. Also, a counter over two owner supplied metal file cabinets to create a desk space. All cabinets need to have locks on doors. Room #24 001-008 6/7/2023: The doors and glass to room #24 will be storefront aluminum and glass to match the rest of the entry foyer. Door#26A 001-009 6/7/2023: The exterior walkway to door #26A will be eliminated. The door will be modified to be operable with a crash bar. The door will not be operable with a crash bar. The door will not be operable from the outside. This door will only be used in an emergency/ active shooter situation. Post Meeting Discussion 001-010 6/7/2023: The electrical drawings locate the new electrical service on the corner of the existing building facing Ret 103. This worlt work because the alarm systems are in the way behind it in the basement. Irish Electric would like to locate it on the new addition. This will impact the siding and trim. We need to discuss onsite with LBA.	Item Me	eting Item Description	Resp	Status	Due Date	Compl'd	Cls'd
lockset. Door 19A will stay as is with the existing sidelight next to it. Prawings Changes 001-006 6/7/2023: Patricia described the changes made in the 5-15-2023 drawings to Jessica.
